**Alcatel·Lucent**
Enterprise

Enable **continuity of learning** with efficient and secure **remote communications**

A crisis is disruptive to **education**. However, your staff's ability to provide **continued education** greatly improves with **remote learning.** This requires thoughtful planning and training to **provide the same tools at home** that are available on campus.

HELP YOUR SCHOOL DISTRICT OR UNIVERSITY CONNECT NOW <u>AND</u> BETTER MANAGE FOR THE FUTURE

DELIVER REMOTE LEARNING AND COLLABORATION

With Alcatel-Lucent Rainbow, our cloud-based communication and collaboration platform provides video and audio conferencing, IM, screen sharing and large file transfers to complement your Learning Management System (LMS).
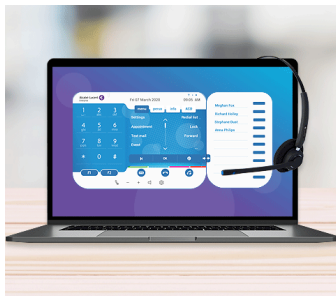

GET RAINBOW AND ENABLE REMOTE LEARNING

SECURE WIRELESS ACCESS TO YOUR TOOLS, INFORMATION AND FILES

Alcatel-Lucent OmniAccess Stellar AP1201H access points easily extend your campus network to all students and faculty with secure connections to any non-cloud-based applications and databases.

GET A FREE ONE-YEAR OMNIVISTA CIRRUS LICENSE*

PROVIDE EFFICIENT REMOTE COMMUNICATIONS FROM HOME

Your faculty and staff can remain connected **with Alcatel-Lucent IP Desktop Softphone** enjoying all the call-management features of their office desk phones while working remotely on their personal laptops.

INSTANTLY ACCESS YOUR PHONE REMOTELY ON YOUR COMPUTER

Visit **al-enterprise.com** to find out how
